

We just recently completed our 12th annual family week, and I was blessed to be a part of it. I hope that you were blessed in the fellowship of this great group of people, and by the fundamental teaching on family. Prior to that we enjoyed International Food Day, which was a great success as successes go. Food and fellowship are things we excel at, and we excelled. I want to personally thank every participant. The food at every booth was awesome and I enjoyed the comradery of event. With the subtraction of a few events from our yearly calendar this year these occasions are even more enjoyable to me.

With the end of another school year upon us and the beginning of family summer vacations imminent I ask you to pause for a moment and focus on upcoming events. Tuesday, June 13, 2023, we will be starting revival with Eld. Brittain Price. I will be implementing a revised church schedule for two weeks during this meeting (TBA soon!). In the month of July, we will be hosting a national youth conference for the first time ever. This will not be like any meeting that we have ever held. Most of our meetings are on a smaller scale. In recent days I have engaged in conversations with several pastors from around the country. While discussing plans to make this convention everything it can be I learned that as many as 125-150 (possibly more) young people may be in attendance. This is not counting adults (chaperones, family) or our own church family. I did not anticipate this kind of turn out, but I am excited about it. This meeting will be different in the sense that we are not serving food like we usually do. Food trucks and concession stands, as well as the Higher Grounds Café will be operating every day before and after service. We are trying to make this a memorable event for young and old alike. Even though we are not running a usual food service schedule we are looking for volunteers for help in the café, help in chaperoning, help at the concession stand (nightly), additional help with security and parking lot duty, and help with cleanup (daily and nightly). Look for a sign-up sheet soon and please make yourself available in some capacity. As always, we are not asking you for any additional financial contribution, just your willing assistance with the small things that make a huge difference. During your busy summer please keep these things in focus and be a part?!!

I do believe that some of the greatest people on earth walk through the doors of this assembly week in and week out. I consider myself blessed to have been a part of this church for the past 15 years. It is my sincere prayer, if the Lord tarries, that I can continue to enjoy Apostolic Church Life with you until He comes!

Yours Always in Christ,

Pastor Robert Burton

## **A WORD FROM OUR PASTOR**

---

Greetings in Jesus Name,

I hope this letter finds you doing well. As I reflect on 2023, I find that it is rapidly reaching the halfway point, hence the point of no return. Our hopes, dreams, and plans that ushered in a glorious January 1st celebration are ancient history. As we near the midway point of another year we are already remembering some grand moments of recent days passed. I hope that you are reveling in it.
